# EXPLANATORY NOTES

Urban and Rural Divisions (Divisions of State). The Urban and Rural Divisions in the Australian Capital Territory as defined for Census purposes and as referred to throughout this Part, are constituted as follows:–

Metropolitan Urban. Comprises the City of Canberra, which for the 1954 Census, was brought into this division for the first time. At previous Censuses the City of Canberra was regarded as "Other Urban" (or "Urban Provincial", as this division was then known). This change must be borne in mind when comparing dwellings data from Census to Census on the basis of Metropolitan Urban and Other Urban. For convenience of comparison in this publication the City of Canberra has been shown as Metropolitan Urban wherever statistics for this area for both 1947 and 1954 are shown in the one table. The boundaries of the City of Canberra remained unaltered.

Rural. Comprises the whole of the Australian Capital Territory outside the City of Canberra and includes that portion of the Territory located at Jervis Bay. The Rural Division is not affected by the changed urban status of Canberra and the statistics relating to it are comparable from Census to Census.

Migratory. Refers to persons not elsewhere enumerated who at midnight between 30th June and 1st July, 1954 were travelling on ships in Territorial waters or on long-distance trains or aircraft. There was no population enumerated as Migratory at the Census of 30th June, 1954 in the Australian Capital Territory.

Dwellings. – For the purpose of the Census, a "dwelling" is any habitation occupied by a household group living together as a domestic unit, whether comprising the whole or only part of a building. The term has, therefore, a very wide reference, and includes, in addition to houses and flats, a great variety of "dwellings" ranging from a single-roomed shack to a multi-roomed hotel or institution.

Occupied Dwellings. – Occupied Dwellings are classified into private and other dwellings.

Private Dwellings. – These comprise Private Houses (including Sheds, Huts, Garages, etc., used for dwelling purposes), Shares of Private Houses, Flats, and Rooms, Apartments, etc. In previous Censuses dwellings returned on the Schedules as sheds, huts, garages, etc. were included with private houses. In the Census of 1954 these dwellings are shown in tabulations as a separate group wherever practicable, but are linked with private houses to preserve continuity with past Census results. Separate particulars are shown in the 1947 Census publications for private houses which were shared by two or more family units and for which only one Householder's Schedule was received but in 1954 these dwellings were included with private houses. For purposes of comparison in this Part particulars of the 1947 houses so shared are similarly treated.

Share of Private House. – A share of a private house is a portion of a shared private house which is occupied separately and for which portion a separate Householder's Schedule was furnished.

Flat. – A flat is part of a house or other building which can be completely closed off and which includes both cooking and bathing facilities.

Other Private Dwellings. – These include dwellings such as apartments, rooms, etc., which are parts of buildings but are not self-contained units.

Dwellings other than Private. – These include Hotels, Boarding Houses, Lodging Houses, Hostels, Educational, Religious and Charitable Institutions, Hospitals, Defence and Penal Establishments, Police and Fire Stations, Clubs, Staff Barracks and Quarters, etc.

Unoccupied Dwellings. – The tables in this Part, except for Nos. 1 and 2, exclude particulars of unoccupied dwellings. The term "unoccupied dwellings" is not synonymous with vacant houses and flats available for occupancy, but refers mainly to dwellings whose usual occupants were temporarily absent on the night of the Census. Newly-completed dwellings awaiting occupancy are also included.

Wagons and Camps. – This group, which includes caravans, relates to the transient habitations of itinerants and persons camping out, where occupancy is of short duration only. Particulars are excluded from all tables in this Part, except Nos. 1 and 2. This group is distinct from "Migratory" – see definition above.

Rents. – All rents shown in this Part are on an unfurnished basis. Dwellings shown as rent "Not Stated" include those whose rents were shown on Householders' Schedules on a furnished basis, and those whose rents were not applicable (e.g., for shop and dwelling combined).

The broad features of this Part may be ascertained from the Table of Contents on page 2, but to facilitate reference to particular subjects an index is also provided – see end of publication.

This Part contains particulars relating to each characteristic of dwellings and of householders obtained from the 1954 Census tabulations. However, additional information is available in some instances, but limitations of space prohibit its publication in complete detail. Such additional information relative to this Part and also to Part III. – Australian Capital Territory : Population, may be obtained on inquiry from the Commonwealth Statistician.

Particulars of full-blood aboriginals and of dwellings occupied solely by them are excluded throughout.
